

Offer in Compromise Booklet for Business Entities

What You Should Know Before Preparing an Offer In Compromise

Are you an OIC Candidate?

If your business entity does not have either the income, assets, or means to pay your tax liability now or in the foreseeable future, it may be a candidate. The Offer in Compromise (OIC) program allows an entity to offer a lesser amount for payment of a **non-disputed final tax liability**. (Revenue and Taxation Code Section 19443)

Generally, we approve an OIC when the amount offered represents the most we can expect to collect within a reasonable period of time.

Each case is evaluated based on its own unique set of facts and circumstances. We give the following factors strong consideration in the evaluation:

- · Ability to pay.
- · Equity in the entity's assets.
- · Present and future income.
- · Present and future expenses.
- · The entity's willingness to dissolve/cancel with the Secretary of State.
- The potential for changed circumstances.
- · The offer is in the best interest of the state.

Can We Process Your Application?

We will only process the OIC application if you meet the following requirements:

- File all of the required tax returns.
- Fully complete the OIC application and provide all supporting documentation.
- Agree with the Franchise Tax Board (FTB) on the amount of tax you owe.

Will a Collateral Agreement be Required?

Upon approval, we may require the entity to enter into a collateral agreement for a term of five years. Generally, a collateral agreement will be required in cases when the entity has significant potential for increased earnings. A collateral agreement requires a business entity to pay to FTB a percentage of future earnings that exceed an agreed upon threshold.

Is Collection Activity Suspended?

Submitting an offer does not automatically suspend collection activity. In most cases, collection action will be suspended until the OIC evaluation is completed. However, if delaying collection activity jeopardizes our ability to collect the tax, we may continue with collection efforts.

When Should Offered Funds be Submitted?

Do not submit the offered funds until we request them by letter. When we do ask for the funds, submit them by cashier's check or money order. The offer must be a lump sum payment. We are unable to accept installment payments toward the offer amount.

Q. What does the Franchise Tax Board (FTB) consider a fair offer in relation to the amount due?

A. Generally, we will accept an offer when the amount offered is more than we can expect to collect within a reasonable period of time.

Q. Can I make payments on the offered amount?

A. No, we require a lump sum payment of the offered amount.

Q. Can prior payments be applied to the offered amount?

A. We cannot apply prior payments toward the offered amount. However, we will consider the total of the prior payments and the offered amount in relation to the total liability when evaluating your offer.

Q. My Internal Revenue Service (IRS) Offer in Compromise (OIC) has been accepted. Will FTB automatically approve my offer?

A. No, we will evaluate your FTB offer separately from your IRS offer.

Q. If FTB determines that my offer is not acceptable, will I be contacted?

A. Yes. We will contact you to discuss your account and to determine the most appropriate resolution. For example, if we determine that the entity has the ability to make monthly payments which will exceed the amount offered, we will work with you to establish an installment agreement.

Q. Will state tax liens be released if the offer is accepted?

A. Generally, we release state tax liens upon final approval of your OIC.

Q. Do I need to have someone represent me?

A. Representation is not required. The OIC program is available to all taxpayers, whether or not they are represented.

Q. Can I get relief from the tax liability by filing bankruptcy?

A. Part or all of the entity's tax liabilities may be dischargeable under the Bankruptcy Code in some circumstances. If this is a consideration, you may want to seek legal advice.

Q. Can I apply for an OIC if I have no funds to offer?

A. No, we will not accept a zero dollar offer. Your offer must represent the most FTB can expect to collect over a reasonable period of time.

Q. What is the collateral agreement?

A. This is a contractual agreement between the entity and the State of California, where the state agrees not to pursue collection of amounts owed by the entity in exchange for a pledge of a percentage of the entity's income that is in excess of a specified amount. The collateral agreement is in conjunction with an OIC and is generally for a period of five years.

Q. If my offer is approved, will the entity have to sign a collateral agreement?

A. If the entity has limited potential for increased earnings, we will generally not require a collateral agreement.
